

Step 1

(1) start

The diagram is enclosed in a large rounded rectangle. A horizontal dashed line divides the rectangle into two sections. In the top section, a box labeled ':MainApp' is positioned. An arrow originates from the left edge of the diagram, passes the text '(1) start', and points down into the ':MainApp' box. In the bottom section, three boxes are arranged horizontally, labeled 'Date', 'Time', and ':stdout'. The text 'Base Libs' is centered above these three boxes.

:MainApp

Base Libs

Date

Time

:stdout
